Dear partner,

After two successful editions, Radboud University will be offering in 2016 more than 40 academic challenging courses that will inspire students and researchers and provide them with the opportunity to extend their international academic network.

Find out more about the wide variety of courses in the fields of Brain & Behaviour, Business & Economics, Language & Communication, Healthcare, History, Philosophy & Religion, Law & Politics, Science and Social Sciences. We are pleased to announce that we have invited guest lecturers from our partner universities to further broaden the international character of our summer school. All of our courses are taught in English and open to students, PhD candidates, postdocs and professionals.

Registration is now open. For more information about our courses, social events and application procedure, please visit our website: www.ru.nl/radboudsummerschool.

Students from your university, being one of our distinguished partner universities, will receive a 15% discount on the course fee! If they apply before the 1st of April 2016 the discount will be increased to 25%.

To inform your students we have enclosed flyers and posters, we hope that you will distribute them within your university.

Kind regards,

Alice Nieboer
Project Manager Radboud Summer School

Radboud University Nijmegen
